

Commissionaires is Canada's leading security provider, offering our clients the highest level of reliability, experience and innovation. We have protected people and property from coast to coast for more than 85 years.

OUR PEOPLE

Commissionaires, 20,000 strong, are primarily former Canadian Forces and RCMP personnel of all ages who perform with integrity, skill and discipline. You can always trust Commissionaires to act in your best interest.

CLIENTS

Commissionaires provides private and public sector clients with complete security solutions, from air and sea ports, border crossings, and government facilities to hospitals, schools, and commercial enterprises—wherever our clients need security.

MINING SECURITY

The mining sector flourishes in resource-rich Canada. Often covering vast tracks of land in remote regions of the country, each mining operation has its own culture and presents unique safety and security concerns. Which means a comprehensive risk mitigation strategy must be created to meet the particular needs of each site. Well-rehearsed emergency procedures and systemic respect and enforcement of rules of conduct are paramount. So is the support of a professional security team. Because whether you experience loss by theft, accident, or fire, you pay a very high cost in work disruption, personal injury, site morale, higher insurance premiums and your good reputation.

INDUSTRY EXPERIENCED PROFESSIONALS

Commissionaires provides basic and advanced security solutions in Canada. And, we know the mining industry. Our mining and industrial operations assignments vary widely in accordance with the needs of each client. From non-operational risk mitigation assessments to access control and response protocols, you can depend on Commissionaires to deliver critical controls and accountability to your mining site.

OUR COMMITMENT

Commissionaires is committed to providing professional security services and solutions when and where your organization needs them anywhere in Canada. We constantly seek to add value to your enterprise. When you choose Commissionaires, you can have total confidence that you've made the right choice.

SECURITY AND SAFETY SOLUTIONS

- > access control—gatehouse security, restricted entry management;
- > contractor/visitor/supplier access and egress supervision;
- > load verifications;
- > vehicular, lunch-box, and body-searches;
- > mobile perimeter patrol;
- > safety first visitor protocol enforcement;
- > emergency response including site evacuation leadership and support;
- > first aid certification—up to first responder training;
- > zero tolerance drug and alcohol enforcement;
- > employee background checks;
- > fire watch;
- > alarm response;
- > monitoring—on-site and remote 24/7;
- > effective support management.

COUNT ON US

You can count on Commissionaires to provide exceptionally trained, experienced and uniformed security professionals. And because Commissionaires offers each employee a culture of caring, it enjoys the highest employee retention rate in the industry. A caring employer translates into conscientious employees who are invested in doing not just a good job, but the very best job for you.

Commissionaires is made up of military, RCMP, police veterans and civilians of all ages who share values of dedication, responsibility and mission. All personnel have received security professional designations meeting federal standards, background check clearances, customer service training, cultural and diversity sensitivity training and first aid certification. WHMIS certification trained personnel are available upon request. Ongoing mandatory training and professional development exceeding industry norms continues throughout the commissionaire's career. Priority is given to qualified local hires.
